Mr. Haywood,

Attached please find a scan of the letter we are sending to BLM via FedEx today, for arrival on Monday morning, 4 April 2016. This letter contains NMCC's comments on the Copper Flat DEIS. We are sending it now electronically as well as via FedEx to be sure that you receive it in a timely manner.

NMCC appreciates the great amount of time, effort, and resources BLM has expended in evaluating all of the Proposed Alternatives for the potential operation of a Copper Mine at Copper Flat in Sierra County New Mexico, and in developing the very detailed DEIS. NMCC firmly supports BLM's designation of Alternative 2 as the Preferred Alternative.

The attached comments are intended to provide clarifications that fully support the DEIS's conclusions for BLM review and consideration. If you have any questions or would like to discuss any of these comments, please contact me.

Best regards,

Katie Emmer | [Permitting & Environmental Compliance Manager](#)
